

# WERNER WEHMEYER

**Organization:** Solenta Aviation

**Position:** Manager Flight Operations

**Country:** South Africa

Werner Wehmeyer is a skilled and accomplished Airline Transport Pilot with extensive expertise in flight operations management and forms part of the Senior Management Team for Solenta Aviation as Manager Flight Operations.

He commenced his career by completing a Cambridge Certified Computer Science Diploma (Comp Sci Dip.), which was followed by him completing numerous courses including inter alia Generic Management to the Introduction of Aerospace Engineering in Astronautics and Human Space flight.

Pursuing his passion for aviation, he joined a charter and flight training company as Flight Operations Officer. Working his way up the ranks, he started his commercial flying career conducting aerial survey flights throughout Africa, whereafter he joined the CFA Mozambique-team as Chief Pilot, responsible for island transfers in Mozambique. He joined the Solenta Aviation team as Deputy Chief Pilot during which period he achieved extensive experience in aircraft performance calculations, as well as conducting various ferry flights between Europe, Africa and the USA.

He operated as First Officer on the Boeing 737-400 and 800 series aircraft for Comair Limited before re-joining the Solenta Management Team in 2019. In addition, Werner is a Class 2 Test Pilot, rated on 23 different types of aircraft and currently operates as Captain on the ERJ 135/145 fleet for Solenta Aviation.
